Select the number of players and difficulty with SELECT, and press START to start the game.

- ◆ There are two difficulty levels, A and B. B is more difficult.

3

Basic Play

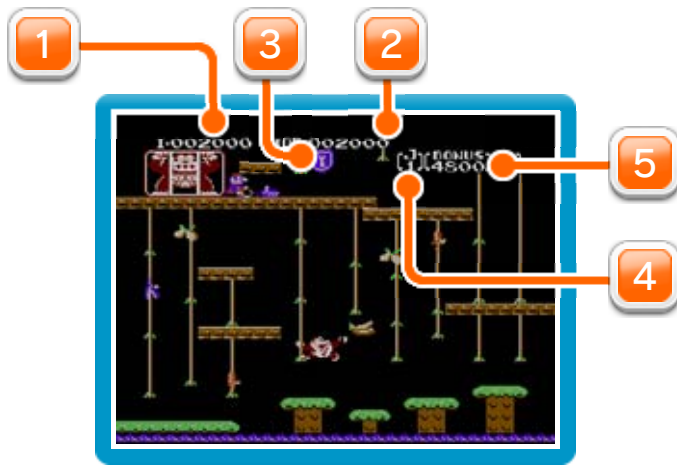

Take control of Junior and bust Donkey Kong out of the cage!

Collect keys on stages one to three, then put them all in the

keyholes on the fourth stage to open the cage and save your papa!

If you come into contact with an enemy, fall off a chain or a vine, or if your bonus runs out, you will lose one life. When you lose all of your lives it will be game over.
