## Getting Started

Select the number of players with SELECT, then press START to begin.

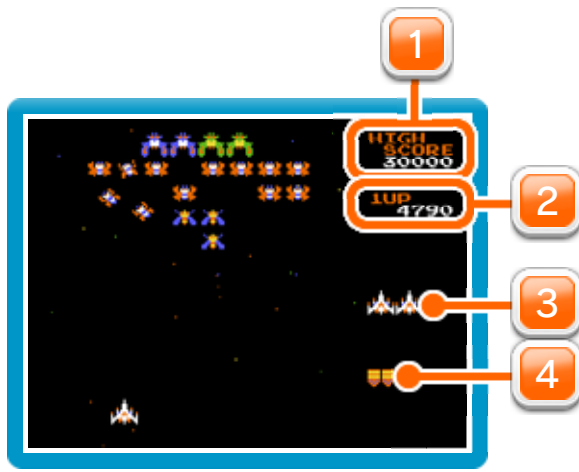

Shoot down the Galagan aliens with your missiles while moving left and right to avoid their attacks. Earn enough points to

get an extra life. Defeat all the enemies to clear a stage. There will also be challenging stages, where you can earn extra points.

- ◆ Shoot down attacking enemies or a boss in formation to earn extra points.

4 Current stage

The enemy boss will release a tractor beam. If you get caught in it, your fighter will be captured. If you shoot down the boss that has captured your fighter, you will recover your fighter and obtain dual fighters. The boss must be hit twice in order to be shot down.

## 6

## Losing Lives and Game Over

You lose a life if you are captured by a boss, shot by an enemy or crash into one. Your game ends if you lose a life or are captured by a boss when you have no lives left. If you are hit as a dual fighter, you will return to being just a plain fighter.
